AN INTERESTING EXPERIMENT IN SURGERY.

(Philadelphia Press.)

The condition of Patrick Whalan, who
was found by the police on Tuesday even-
ing wandering, with his throat cut, in the
park, near the Green street entrance,
and conveyed to the German Hospital,
has somewhat improved, though the
chances for his ultimate recovery are con-
sidered, by the surgeons attending him,
to be very slim, owing to the peculiar na-
ture of his injuries, which are said to
have no parallel in the history of surgery.
Dr. Weed, the surgeon in charge of the
hospital, has had photographs of the cut
taken. A first attempt was made to
photograph the injury by means of a cal-
cium light, but this proved unsuccessful,
and recourse was had to the ordinary
method.

The throat was cut above the wind-
pipe. An apparatus has been discovered
by Dr. Weed, consisting of a pipe and
bellows, for forcing a chemical substitute
for air into the patient's lungs. Recently
a slight case of pneumonia was developed,
due partly to exposure and partly to an
accumulation of dust in the windpipe.
The method which will be attempted in
the healing of the cut will be about as
follows: A rubber tube will be inserted
through the nose and extended down
through the windpipe into the stomach,
through which food will be passed. The
upper end of the windpipe will be allowed
to heal, and also the outer throat
skin, after which the tube will be re-
moved and food passed through the wind-
pipe. The only trouble will be with the
epiglottis, which is cut in two parts. It
is not known in what way this membrane
will heal, or whether it will heal at all.

MARRIED TO A CORPSE.

A reporter of the New York Express,
recently in Salt Lake City, curious
to find out all he could concerning the
innermost workings of the Mormon
Church, interviewed a Mrs. Emeline
Wells, who is a fourth or fifth wife of a
prominent elder in the church, and the
editress of the "Women's Exponent," a
church paper, which is largely circulated
among the Mormon women of Utah
Territory. Following is a part of the in-
terview:

"What is meant by being sealed to a
man?"

"It simply means being married by
the priesthood of God for time and eter-
nity."

"Can a woman be sealed to a dead
man—to any one she may choose from
the innumerable host?"

"Yes, she can."

"How is it done?"

"By proxy, some living person offici-
ates for the one who is dead."

"Can she bear children to the dead
man?"

"Yes, in this way; that if a living
woman is sealed by proxy to a dead man,
the person acting for him covenants to
raise up children for the dead man.
There are many passages of Scripture in
the Old Testament to substantiate this,
but I will call attention to Ruth iv, 10.
It is a well known fact, recorded in the
first chapter of St. Matthew, that through
such lineage, in direct line, came Jesus,
the Saviour of the world. Therefore
the Lord could not condemn it."

TRIALS OF A COUNTRY EDITOR.

Gentle reader did you ever put in a month's
time in a printing office, to say nothing
about years, worrying as to what you
can write up for the paper, lose rest,
patience and flesh in an endeavor to keep
bills paid up and want from the door,
and have \$500 or \$600 owing to you by
subscribers, any one of whom would dun
you daily if you were owing them, but
who never think of calling and settling
with you because you are running a local
paper? If you never tried it come up
and we will let you run the shop a few
months while we take a rest, and then
if you don't say that the hardest work
you or any other man ever did was to run
a local paper where the people never
think of calling and paying, we will make
you a present of \$20 cash, provided we
ever succeed in collecting that amount.
—[Iowa Messenger.

There is said to be a full million dol-
lars of unclaimed deposits in the savings
banks of Massachusetts. There is no
state law requiring the publication of
such deposit, but these accounts can never
become the legal property of the bank,
however long they may remain unclaimed.

MISCELLANEOUS.

HEART DISEASE! CURED BY DR. RUSH'S REGULATOR.

FOR HEART TROUBLES.

Wm. G. Osgoodby, the well-known safe man-
ufacturer of Buffalo, Philadelphia Pittsburg,
Newark, and Atlanta, Ga., says:
OFFICE OF OSGOODBY'S IMPROVED SAFES,
17 S. Broad Street,
ATLANTA, GA., October 17th, 1881.
DR. RUSH'S MEDICAL ASSOCIATION:
DEAR DOCTORS:—The three bottles of "Dr.
Rush's Regulator" I ordered were received by
express last week. I have taken nearly one bot-
tle and am thoroughly satisfied with the result.
For over two years I have been troubled with
sharp pains in my heart. My physician, upon ex-
amination, pronounced it enlargement of the
heart, and was unable to give me any relief.
The trouble grew worse until I had become con-
vinced that I could not be cured. While in New
York City, last week, I called upon one of the
most prominent physicians there, who charged
me \$25 for an examination and then recom-
mended your "Regulator." Knowing you to be
a regular Medical Association, and not a far-
ther assurance, I ordered the three bottles.
I have not been troubled since I commenced
taking it, but still continue to take the entire
three bottles so as to obtain a permanent cure.
You have my sincere thanks.
I am, gentlemen, Very respectfully,
Wm. G. OSGOODBY

Dr. Rush's "Regulator"

has never failed to give relief. It has been
used successfully for years in subduing the most
stubborn cases of heart difficulties. A positive
cure for Enlargement, Palpitation, Fluttering
and Fatty Degeneration of the heart. Price,
\$1.00 per bottle; six for \$5.00. Sold by drug-
gists, or sent direct by Dr. Rush's Medical
Association,
